

MSSO MedDRA Desktop Browser v3.0beta Released

Dear Subscriber:

The MSSO is pleased to announce the release of the MedDRA Desktop Browser v3.0beta (MDB3). The basic user interface remains the same and all of the original functionality remains as well. However, this release is a significant upgrade to the current 2.02 browser.

The newly added features are

- Viewing multiple versions and languages of MedDRA
- Viewing MedDRA term history, such as promotion, demotion, name change, currency change, etc
- Saving the results of searches in a “Research Bin” with export functionality to a spreadsheet

The existing search function is enhanced to allow user to limit the number of SOCs used in the search and to use the pre-populated synonym terms.

To learn more about the MedDRA Desktop Browser v3.0beta, please go to the [MedDRA Desktop Browser](#) web page:

- To download the new MedDRA Desktop Browser
- To download the User Guide for the the new MedDRA Desktop Browser
- To download a brief tutorial on the new MedDRA Desktop Browser

Please contact the MSSO Helpdesk at MSSOHelp@ngc.com if you have questions or need assistance.

Thank you,
