

Updated “Points to Consider” Documents Based on MedDRA Version 12.1 Are Now Available

Dear MedDRA User:

On behalf of the ICH M1 “Points to Consider” Working Group, the MSSO is happy to announce the posting of updated versions of both the “MedDRA Term Selection: Points to Consider” and the “Data Retrieval and Presentation: Points to Consider” documents. Examples in both updated documents reflect changes based on MedDRA Version 12.1. There have been some edits applied, mostly related to ordering of certain examples.

The updated documents can be found at
<http://www.meddramsso.com/MSSOWeb/activities/PTC.htm>

As always, the MSSO welcomes your feedback on both “Points to Consider” documents. Please submit your comments to mssohelp@ngc.com.

Thank you for your continued support.
