

MedDRA Training Schedule April – May 2010

Dear MedDRA User:

We have a wide range of training opportunities for you to consider for the Spring. We know you have options for MedDRA training so we thought it would be useful to hear the comments from a recent trainee:

“Presenter was excellent and presented well throughout a busy day. I would recommend this course even if you have been on one 5-6 years ago. MedDRA has evolved & developed. Reminder of the conventions and rules is always good.” (used with permission)

Come and see what everyone is talking about and brush up your MedDRA skills at the same time!

Available webinars and face-to-face sessions are listed below (individual links are provided for further information, and to register):
