

## MedDRA Training Schedule September -- December 2010

Dear MedDRA User:

Are you looking for a more efficient way to use MedDRA in your job? Do you need to brush up on your coding skills or learn some practical approaches to applying SMQs? Are you familiar with how to handle product quality issue and medication error concepts? Do you need to understand MedDRA versioning strategies?

Attendees attest to the value of their recent participation in MSSO MedDRA training sessions:

“Good presenter! Interactive class, was lively, and fun. Kept pace moving and class attentive. Efficient use of time and well selected material. Would definitely recommend.”

“In combination with the lecture and slides, the practical exercises were one of the most useful and helpful portions of the class in helping us to understand how to practically apply SMQs in MedDRA!”

Refresh and improve your MedDRA knowledge and skills with the MSSO’s team of MedDRA experts! Several opportunities are available. See below for details and to register.
