

MedDRA Training Schedule November -- December 2010

Dear MedDRA User:

MedDRA is a living terminology in which changes are incorporated on a regular basis. Judging by some comments made by attendees of MSSO training sessions, periodically attending MedDRA training courses is good practice -- even if you are an experienced MedDRA user! And, if you are new to MedDRA, all the more reason to attend an MSSO MedDRA training session to learn best practices from the experts!

“Another great course. Excellent coverage of the topic with a practical focus that will help implementation in daily work.”

“I took this course previously and enjoyed it much more this time around and got much more out of it.”

“I thought the course was an excellent introduction to coding with MedDRA. The morning session provided great background and the afternoon hands-on exercises were very helpful for letting the concepts sink in.”

Meet the [MSSO training staff](#) and see below for course selection details and to register.

Open Enrollment Webinars

Webinar: Introduction to MedDRA

[10 November 2010, 0700 – 0900 US Eastern Time](#)

[8 December 2010, 1930-2130 US Eastern Time; 北京时间12月9日早上8点30分 \(Beijing time\)](#) (this session will be presented in Chinese)

Webinar: What's New with MedDRA 13.1, Recorded video download.

Contact the [MSSO Help Desk](#).

Free Training for Subscribers

London, UK

23 November: Coding with MedDRA (waiting list only – contact mssohelp@ngc.com)
