Registration for this meeting is open until 10 June 2010. Due to meeting space limitations, registrations will be accepted on a first come first served basis.

In an effort to be more “green,” the MSSO will not be producing a hardcopy of the presentations for distribution at the meeting. The presentations for the meeting will be posted on the MSSO [User Group meeting web page](#).

The objectives of the User Group meeting are to:

- Provide a forum for the exchange of MedDRA best practices and lessons learned
- Provide a networking opportunity between MedDRA subscribers
- Communicate to subscribers on MedDRA development plans
- Solicit input on potential MedDRA initiatives

In order to have a successful User Group Meeting, we request your input on discussion topics. Please let us know which topic(s) you would like to see presented by including comments on your registration form or by sending us an email at mssohelp@ngc.com. Due to time constraints, we may not be able to address all suggested topics.

Thank you for your continued support.
