

**Reminder: Request for Submission of Comments for Proposed  
Complex Changes for MedDRA Version 14.0**

**Due 30 July 2010**

Dear MedDRA User:

The MSSO has posted [proposed complex changes](#) for MedDRA Version 14.0 on our Web site. Complex changes are any changes to the MedDRA hierarchy, i.e., the high level terms (HLT), high level group terms (HLGT), or system organ classes (SOC), which may impact your use of MedDRA. We encourage your comments (both for and against) these proposed changes so we understand their potential impact.

Please remember that the deadline for your response to these proposals is 30 July 2010. Please send your comments to [MSSORequest@ngc.com](mailto:MSSORequest@ngc.com).

Thank You,

MedDRA MSSO
