

## MedDRA Training Schedule Spring/Summer 2011

Dear MedDRA User:

The MSSO is your partner when it comes to promoting good MedDRA coding and data analysis practices. Take advantage of the MSSO's training staff's knowledge by attending one of our upcoming sessions. Open enrollment webinars, free subscriber webinars, and face-to-face sessions are scheduled.

Onsite training might just be what the doctor ordered. Organizations can save on travel costs and out-of-office time as well as take advantage of addressing company specific issues. If there are several individuals at your company who could benefit from training by the [MSSO's MedDRA experts](#), [onsite training](#) is an option your organization may wish to consider.
