

## MedDRA Training Schedule

### August – December 2011 and the What's New with MedDRA Version 14.1 Webinar

Dear MedDRA User,

It's that time of year again! The latest MedDRA version is scheduled for release on September 1, 2011 – Version 14.1 to be exact. To provide subscribers with information on the changes in the upcoming version, the MSSO is offering two What's New with MedDRA Version 14.1 webinar sessions.

The MSSO offers additional training opportunities where you may broaden your knowledge of the practical applications of MedDRA for coding and data analysis. The schedule, including links to the corresponding MSSO web page, is provided below.

The [MSSO's training staff](#) have extensive experience with MedDRA and will provide you with a set of information you can apply immediately, regardless of your level of expertise.

[Onsite training](#) at your organization is definitely worth considering. Reduce staff “down time” and travel costs, and focus the training on your organization's needs. Contact the [MSSO Help Desk](#) for information.

#### ***What's New with MedDRA Version 14.1 Webinar:***

The MSSO has scheduled two webinar sessions of the What's New with MedDRA Version 14.1 which will provide a comprehensive description of changes to MedDRA in this latest release. The topics to be covered in these sessions are:

- What's New with MedDRA Version 14.1
  - Summary of changes (including SMQs)
  - Translation corrections summary
- French translation improvements
- WebCR update
- Pregnancy exposure terms
- Pharmacogenomic terms
- Update on proactivity initiatives
- Other developments
  - MVAT Update
  - Company-hosted free training
  - Proposal to remove legacy codes
  - Blue Ribbon Panel 7 recommendations on proposed changes to the Neoplasm SOC

The content is identical for both of the webinar sessions. Click on the desired link to register for the webinar.
