

MedDRA Training Schedule

October – December 2011

Dear MedDRA User,

There is still time to “catch” some MedDRA training and meet any personal or performance goals you have set for 2011. Broaden your MedDRA knowledge of the practical applications of MedDRA and increase your skill for coding and data analysis, or become a Certified MedDRA Coder.

The [MSSO's training staff](#) has extensive experience with MedDRA and will provide you with a set of information you can apply immediately, regardless of your level of expertise.

Perhaps your organization has a large group that would benefit from [onsite training](#). Reduce staff “down time” and travel costs, and focus the training on your organization’s needs. Contact the [MSSO Help Desk](#) for information.

The schedule, including links to the corresponding MSSO web page, is provided below.

Open Enrollment Webinars

Webinar: Certified MedDRA Coder: Examination Preparation

[18 October 2011: 1000 – 1100 EDT US](#)

[7 December 2011: 0900 – 1000 EST US](#)

Webinar: MedDRA Versioning
