

What's New with MedDRA Version 14.0 Webinar

Dear MedDRA User:

The MSSO will present two sessions of the *What's New with MedDRA Version 14.0* webinars, one on 24 February and the second on 3 March 2011.

These presentations will provide an overview of the changes in MedDRA Version 14.0 and will describe current MSSO initiatives. The topics to be covered include:

1. What's New with MedDRA v14.0
 - a. Changes in MedDRA
 - b. Changes in SMQs
 - c. Abbreviations in MedDRA
 - d. Initial Hungarian translation release
2. Removal of an SMQ in v14.1
3. Change in benefits for MedDRA Basic subscribers
4. MedDRA Version Analysis Tool
5. Blue Ribbon Panel 7 – Proposed Revisions to the Neoplasm SOC
6. Pharmacogenetic and pharmacogenomic terms
7. Observational Medical Outcomes Partnership project
8. Proactive MedDRA maintenance model
9. MedDRA Training in 2011
10. MedDRA Browsers – MedDRA Web-Based Browser survey, and ideas for new features for the MedDRA Desktop Browser

[Note: Each session has identical topic content.]

The deadlines to register for the *What's New with MedDRA Version 14.0* webinars are 16 February and 23 February 2011 for Session One and Session Two, respectively. To register, please click on the session that is convenient for you:

[Session One – 24 February 2011](#)
[0900 – 1000 US Eastern Daylight Time](#)

[Session Two – 3 March 2011](#)
[1400 – 1500 US Eastern Daylight Time](#)

If the scheduled times for the *What's New* webinar are not convenient, a download will be available after 3 March 2011. Please contact the MSSO Help Desk (mssohelp@ngc.com) to download the recorded version of the webinar for \$250 USD.

Please review the full MSSO training [schedule](#) for additional MSSO training opportunities.

Thank you,

MedDRA MSSO
