

## Updated “Points to Consider” Documents Based on MedDRA Version 14.0 Are Now Available

Dear MedDRA User:

On behalf of the ICH M1 “Points to Consider” Working Group, the MSSO is happy to announce the posting of updated versions of the “MedDRA Term Selection: Points to Consider” and the “Data Retrieval and Presentation: Points to Consider” (PTC) documents. This will be the first time that the documents will be posted in both Microsoft Word and pdf formats (based on user requests). Examples in both updated documents reflect changes based on MedDRA Version 14.0.

The updated documents can be found on the MSSO Web site [“Points to Consider” page](#).

As always, the MSSO welcomes your feedback on both “Points to Consider” documents. Please submit your comments to the [MSSO Help Desk](#).

Thank you for your continued support.
