

MedDRA Management Board and the Blue Ribbon Panel's Recommendations on MedDRA and Product Labeling

The MedDRA Management Board, at their meeting on 7 & 8 May 2005 in Brussels, Belgium, discussed the recommendations of the Blue Ribbon Panel (BRP) on MedDRA and product labeling. To address the needs of the subscribers for further clarification of this complex issue, the Management Board will solicit input from at least one other MedDRA expert organization and will reconsider the issue at the next Board meeting in November 2005.
