Subscriber Forum

Meeting Highlights

- Pat Revelle started the meeting with an introduction and update from the MSSO
- Followed by a presentation on SMQs implementation and use of by Astrid Herpers (Roche) who is member of the CIOMS WG.
- Later, Sabine Brosch (by teleconference) discussed versioning best practices and EMEA approach for the future to harmonize among EU members.
- Tomás Moraleda gave a presentation about MedDRA and the European regulatory environment
- In the Q&A session, we had two questions that generated the most discussion:
 1. Should MedDRA be updated twice per year or only once in the future?
 2. Should the MSSO provide concept definitions for PTs?
