

**List of SMQ Topics for Development by CIOMS Working Group for SMQs
(as of 1 September 2011)**

SMQs in Production

Accidents and injuries	Hyperglycaemia/new onset diabetes mellitus
Acute central respiratory depression	Hypertension
Acute pancreatitis	Hyponatraemia/SIADH
Acute renal failure	Hypotonic-hyponresponsive episode
Agranulocytosis	Interstitial lung disease
Anaphylactic reaction	Ischaemic colitis
Angioedema	Ischaemic heart disease
Anticholinergic syndrome	Lack of efficacy/effect
Asthma/bronchospasm	Lacrimal disorders
Biliary disorders	Lactic acidosis
Breast neoplasms, malignant and unspecified	Lens disorders
Cardiac arrhythmias	Lipodystrophy
Cardiac failure	Malignancies
Cardiomyopathy	Neuroleptic malignant syndrome
Cerebrovascular disorders	Noninfectious encephalitis
Conjunctival disorders	Noninfectious encephalopathy/delirium
Convulsions	Noninfectious meningitis
Corneal disorders	Ocular infections
Dementia	Ocular motility disorders
Demyelination	Optic nerve disorders
Depression and suicide/self-injury	Oropharyngeal disorders
Drug abuse, dependence and withdrawal	Osteonecrosis
Dyslipidaemia	Osteoporosis/osteopenia
Embolic and thrombotic events	Ovarian neoplasms, malignant and unspecified
Eosinophilic pneumonia	Periorbital and eyelid disorders
Extrapyramidal syndrome	Peripheral neuropathy
Extravasation events (injections, infusions and implants)	Premalignant disorders
Fertility disorders	Pregnancy and neonatal topics
Gastrointestinal nonspecific inflammation and dysfunctional conditions	Prostate neoplasms, malignant and unspecified
Gastrointestinal perforation, ulceration, haemorrhage or obstruction	Pseudomembranous colitis
Glaucoma	Psychosis and psychotic disorders
Guillain-Barre syndrome	Pulmonary hypertension
Haematopoietic cytopenias	Renovascular disorders
Haemodynamic oedema, effusions and fluid overload	Retinal disorders
Haemolytic disorders	Retroperitoneal fibrosis
Haemorrhages	Rhabdomyolysis/myopathy
Hearing and vestibular disorders	Scleral disorders
Hepatic disorders	Severe cutaneous adverse reactions
Hostility/aggression	Shock
	Skin neoplasms, malignant and unspecified
	Systemic lupus erythematosus
	Taste and smell disorders
	Thrombophlebitis

Thyroid dysfunction
Torsade de pointes/QT prolongation
Uterine and fallopian tube neoplasms,
 malignant and unspecified
Vasculitis

SMQs in Development/Testing

Chronic kidney disease
Hypersensitivity
Signs and symptoms of eye disorders
Tubulointerstitial disorders
